Harvia Frosty Cold Plunge

Cold therapy to treat both your body and mind

Regularly exposing the body to cold water for short periods of time brings several health benefits such as improved immunity, stress reduction, improved sleep quality, recovery from sports and pain relief.

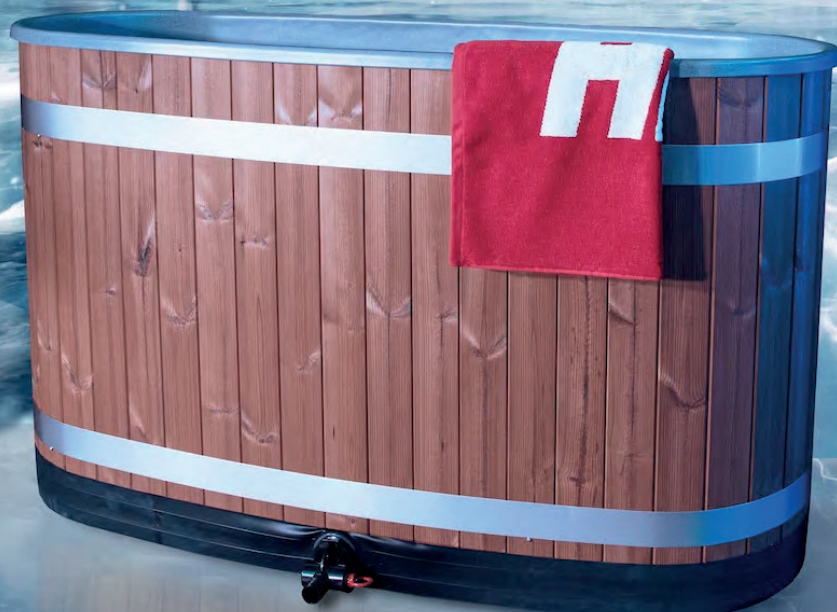

Harvia Frosty is a cold plunge enabling this healthy practice to be part of your daily routine.

The cooling unit cools/heats the water by approx. 8°C per hour and it is easy to keep the temperature at the desired temperature (lowest 4°C, highest 40°C).

Water is continuously circulated around the pool, guaranteeing an even temperature.

- Comfortably fits 2 people
- Insulated cover included
- Digital control unit for water temperature
- Two-year warranty on both the pool and cooling unit
