

PURE-SPA - SPA STEPS - 72CM

STE-12267

STEP 1

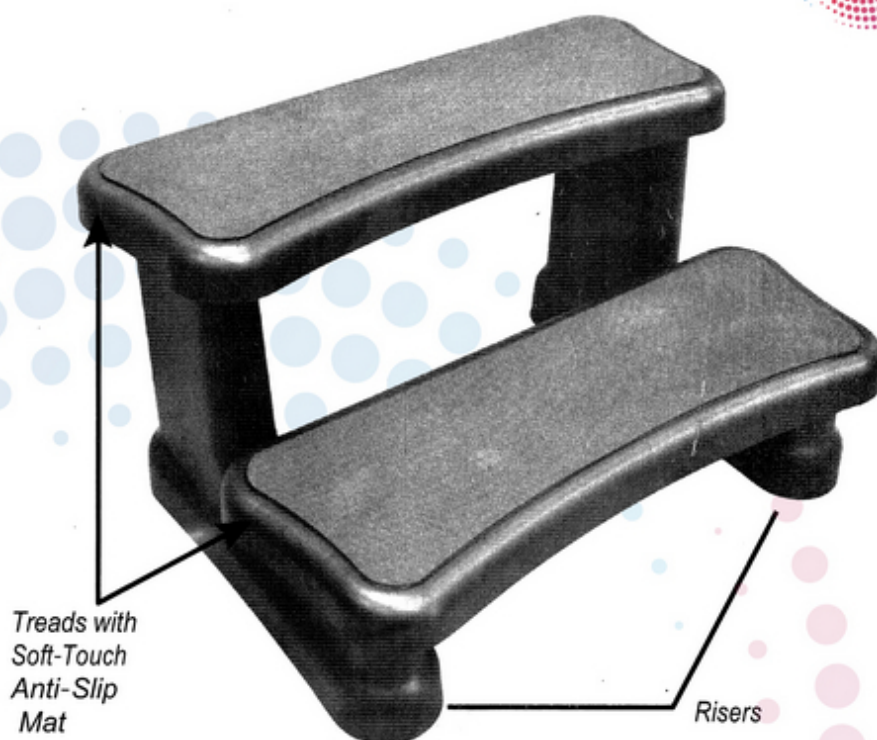

Stand the risers on the floor upright.

STEP 2

Place the top and bottom treads on the risers:

1) for spas with flat panels, the tread with the flat side will need to be positioned towards the spa;

2) spas with curved panels, the tread with the inward curve will need to be positioned towards the spa.

STEP 3 Firmly attach the top and bottom treads to the risers, making sure each tread snaps firmly into place.

Spas with flat panels:

Spas with curved panels:
