THERMOMETER

SWIMMING POOL THERMOMETER

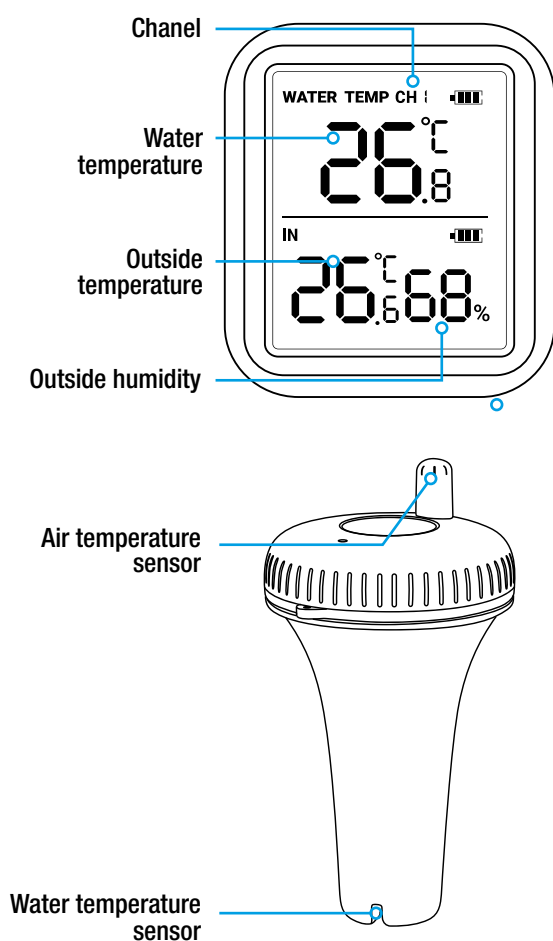

WITH REMOTE SCREEN!

- Floating thermometer
- Handy wireless sensor
- Instant temperature reading
from a specific spot and from a distance
- Temperature indicated
in Celsius and Fahrenheit

THERMOMETER WARRANTY

**2
YEARS**

CHARACTERISTICS

Operating voltage	6 V
Transmission frequency	433Mhz
Maximum stand-off distance (in free area) <i>This distance can be reduced in case of interference</i>	90 m

WIRELESS THERMOMETER	
Temperature measurement range	-40°C to 70°C
Temperature measurement accuracy	+/- 1.0°C
Temperature display accuracy	0.1°C
Measurement delays	10s
Waterproof index	IPX7
Warranty	2 years
Batteries	2 AA 1.5V batteries (not included)

REMOTE DISPLAY	
Temperature measurement range	-10°C to 60°C
Temperature measurement accuracy	+/- 1.0°C
Temperature display accuracy	0.1°C
Humidity measurement range	0-99%
Humidity measurement accuracy	+/- 5%
Humidity display accuracy	1%
Batteries	2 AA 1.5V batteries (not included)
