TRIMLINE CARTRIDGE FILTER

Product Information

- Trimline cartridge filters are compact, economical filters designed to effectively filter out suspended solids from pool water.
- Filters utilise a specially treated synthetic fabric pleated into a cartridge.
- Ideal for applications where backwashing may not be practical.
- Operating temperature: 4 °C to 50 °C.
- The filter cartridge is easily cleaned by hosing the pleats with a standard garden hose.
- Easy to read pressure gauge.
- Hand operated lid lock ring, allowing simple cartridge removal and replacement.
- Supplied with both metric and imperial quick connect unions.
